### Carrier Requirements

- **In-Cabin:** Soft-sided, leak-proof, well-ventilated carrier that fits under the seat.
  - **Checked:** Rigid carrier with secure latch, absorbent bedding, and enough room for your pet to stand, turn, and lie down comfortably.
  - Identification tag (with pet name and contact info).
  - One carrier per passenger. Maximum 2 pets per booking (1 in-cabin, 1 in hold).
-

## Health & Documentation

- Valid **health certificate** from a licensed veterinarian issued within 10 days of departure.
  - **Vaccination records** (including rabies certificate).
  - **Import/export permits**, if required by destination country.
- 

## Check-In & Boarding

- Arrive at least **2 hours before departure** for check-in.
  - Use designated pet relief and holding areas (where available).
  - In-cabin pets must remain in their carrier throughout the flight—no exceptions.
- 

## Restrictions

- No pets allowed in **CloudLux (First Class)** or on select aircraft types due to space limitations.
  - **Brachycephalic breeds** (flat-faced dogs/cats) may not be allowed in the hold for safety reasons.
  - Not permitted as cargo or unaccompanied (except registered service animals—see special needs policy).
- 

## How to Book

1. **During flight booking:** Select “Travelling with Pets” and enter pet details.
  2. **After booking:** Use “Manage My Flight” > “Add a Pet” option or contact Customer Care.
  3. **Payment:** Pet travel fees must be paid online with Credit Card, Debit Card, Netbanking, or SkyPoints 24 points.
- 

## Tips for a Smooth Journey

- Feed your pet a light meal 2 hours before departure.
  - Avoid tranquilizing your pet unless prescribed by a vet.
  - Place a familiar toy or blanket in the carrier for comfort.
  - Attach a current photo of your pet to the carrier.
